

Substance Misuse Focus Group Discussions - 12 October to 13 November 2020

Please find below a list of the focus group sessions, as part of the engagement which will inform Cumbria's drug and alcohol misuse service contract which will begin in October 2021. These sessions are open to all, including professionals, community and voluntary organisations and family members and friends of people who misuse substances. We are running separate sessions for people who have used services or need services; if you would like more information about these, please contact emma.robinson2@cumbria.gov.uk.

All sessions will be held online in small groups. Where possible, please limit attendance at each group to one person per organisation, in order to allow for a variety of people to attend.

To sign up, please contact the facilitator listed below.
